October 2004

## **Pepper Bridge Winery 2001 Walla Walla Valley Cabernet Sauvignon**

### **91 Points — Exceptional**

Walla Walla wends its way through the oak and mushroom earthiness at the heart of this wine. It feels powerful in a rich, extracted style, youthfully impacted. Put it away for two years at least, to wait for all those coiled elements to meld. Then pour with something equally decadent, like a rib-eye, black and blue.
